

MEMODIAGNOSTIC VET HDO monitor

High Definition Oscillometry

"The Picture of Health"

- For Cats & Dogs
- Accurate
- Easy to use
- Quick 8-15 seconds
- Real time graph
- Puls wave analyse Software
- 5-300 mmHG
- 0-550 Bpm
- Systolic/Diastolic/MAP/HR
- Vet specific algorithm
- Artefact recognition software
- Gain (Signal amplification)
- 80x more sensitive than an ear !

HDO® is a patented new technology for animal blood pressure measurement

HDO® - Ticks All The Right Boxes ✓

* - Can take up to 2 minutes

12 Points for a perfect result !	Doppler	Oscillometric	HDO
Systolic Pressure	✓*	✓	✓
Diastolic Pressure	✗	✓	✓
